

## NRCP YOUNG SCIENTIST RESEARCH GRANT APPLICATION FORM

### I. Basic Information: Applicant

<b>Applicant's Complete Name</b>		<b>Sex</b>
		<input type="checkbox"/> Male <input type="checkbox"/> Female
<b>NRCP Scientific Division</b>		
<input type="checkbox"/> Division I - Governmental, Educational, and International Policies <input type="checkbox"/> Division VII - Engineering and Industrial Research <input type="checkbox"/> Division II - Mathematical Sciences <input type="checkbox"/> Division VIII - Social Sciences <input type="checkbox"/> Division III - Medical Sciences <input type="checkbox"/> Division IX - Physics <input type="checkbox"/> Division IV - Pharmaceutical Sciences <input type="checkbox"/> Division X - Chemical Sciences <input type="checkbox"/> Division V - Biological Sciences <input type="checkbox"/> Division XI - Humanities <input type="checkbox"/> Division VI - Agriculture & Forestry <input type="checkbox"/> Division XII - Earth and Space Sciences <input type="checkbox"/> Division XIII - Veterinary Medicine		
<b>Type of NRCP Membership</b>		_____ <b>Associate</b> _____ <b>Regular</b> _____ <b>Honorary</b>
<b>Current Affiliation</b>		
<b>Complete Office Address</b>		
<b>Primary email address</b>		
<b>Primary telephone/mobile number</b>		
<b>Highest educational degree received (MSc, PhD, etc.)</b>	<b>Year graduated</b>	<b>University Name</b>
<b>Current position</b>		
<b>Period (Year-present)</b>	<b>Position/ Designation</b>	<b>Type of appointment</b>
		<input type="checkbox"/> Regular/ Plantilla <input type="checkbox"/> Probationary <input type="checkbox"/> Co-terminus <input type="checkbox"/> Casual <input type="checkbox"/> Others, specify _____
<b>Field of Expertise</b> (use 2-3 keywords, e.g., Chemical Engineering, Environmental Engineering, Public Health, Health Research, Policy Research)		

<b>Specialization</b> (pertains to a particular area in which someone concentrates) (use at least 2-3 keywords. Example: Wastewater Treatment, Carbon Sequestration, Molecular Biology, Genetics)	
<b>Specific Research Interests</b> (use at least 2-3 keywords. Example: humic acid, adsorption, heavy metals, membrane bioreactor, natural products, drug discovery, human/animal parasites)	
<b>Recent Research Engagements</b> (state all research involvement in the past 3 years, such as project leadership, research adviser, or supervisor)	

**II. Mentee/s Background Information**

Kindly list down the mentee/s name and submit the attached individual mentee's information form.

	Complete Name of Mentee/s	Age	Sex
Mentee 1			<input type="checkbox"/> Male <input type="checkbox"/> Female
Mentee 2			<input type="checkbox"/> Male <input type="checkbox"/> Female
Mentee 3			<input type="checkbox"/> Male <input type="checkbox"/> Female
.....			<input type="checkbox"/> Male <input type="checkbox"/> Female

Endorsement - Applicant	Approved by (Head of Agency)
<i>I hereby certify that the above information is true and correct, and I express my interest in participating and recommend the following mentee/s for the NRCP Young Scientist Research Grant.</i>	<i>This is to duly approve and support the submission of this application to the best of my knowledge and understanding</i>

**III. Individual Information on Mentee’s Educational Background, Research Involvement, and Capability**

<b>Complete Name of Mentee</b>		
<b>Highest educational Attainment</b>	<b>Year graduated</b>	<b>University</b>
<b>Professional Relationship with the Mentee</b>		
€ <b>As thesis adviser</b>	<b>What degree and year?</b>	
€ <b>As a research supervisor</b>	<b>What research project?</b>	
€ <b>Others, specify</b> _____	<b>Provide information</b>	
<b>Research Involvement and Capability</b>		<b>Response</b>
		Yes    No
1. Is the mentee considered a young researcher with active research involvement?		
2. Is the mentee part of your research team?		
3. Is the mentee capable of delivering research output within a specified timeline and requirements?		
4. Do you know if the mentee has previously done any research output from research engagement?		
If yes, what is/ are these outputs: <input type="checkbox"/> Research publication <input type="checkbox"/> Research article <input type="checkbox"/> Research poster <input type="checkbox"/> Research paper <input type="checkbox"/> Oral research presentation <input type="checkbox"/> Others, specify _____		
5. Is the mentee highly recommended for the research grant incentive?		

Please provide brief information on the research proposal your recommended mentee/s will be working on, should he/she be considered for the research grant. *(Provide also a copy of the full-blown proposal with work plan and LIB using the applicable DOST Forms).*

Research title:

---

---

Significance:

---

---

Deliverables:

---

---

Provide a strong justification for why the mentee should be considered for the NRCP Young Scientist Research Grant.

**Oath of Commitment to Undertake Research as a Mentor and Team**

We, the undersigned research mentor and team members, solemnly affirm our collective and individual commitment to uphold the highest standards of integrity, ethics, and professionalism in the conduct of research.

As a **Mentor**, I pledge to:

- Guide, support, and inspire my research team with integrity, transparency, and respect.
- Foster a culture of inquiry, critical thinking, and honesty.
- Encourage open communication, inclusivity, and mutual respect among all team members.
- Uphold ethical standards and ensure compliance with institutional, national, and international research guidelines.

- Provide appropriate supervision, training, and opportunities for intellectual and professional growth.

As a **Research Team**, we pledge to:

- Carry out our research responsibilities with honesty, diligence, and accountability.
- Work collaboratively, valuing each member's contribution and promoting a spirit of teamwork and respect.
- Protect the confidentiality, dignity, and rights of all research participants.
- Ensure the validity, accuracy, and reproducibility of our findings.
- Acknowledge the contributions of others and properly cite all sources and collaborators.
- Seek guidance when in doubt and remain open to learning, improvement, and ethical reflection.

Together, we commit to advancing knowledge for the benefit of society, with humility, purpose, and a shared responsibility to uphold the principles of responsible research.
